

Tuck School - Help Others in Your Community

The economy has hurt most small businesses. Many minority program alumni have said they were better prepared to deal with the challenges because of what they learned at Tuck. Other minority businesses feel an urgent need to come to the program, but don't have the means or the sponsorship opportunity to participate during these difficult times.

Can you help?

*Your tax-deductable, charitable contribution to the Alumni Scholarship Fund will enable another minority business to attend either **Building a High-Performing Minority Business** or **Growing the Minority Business to Scale** programs. If you can make a donation of \$100; \$250, \$500, \$1,000 or more, you would be making a big difference in the life of a struggling minority entrepreneur. Full scholarships are \$4,800. The Tuck School automatically gives a scholarship of the additional \$4,800 that covers the balance of the full cost of the program.*

Now is your chance to help give the gift of Tuck to an emerging diverse firm waiting for scholarship assistance. You have the power to make a difference by fostering economic success in your community!

YES, I will help others.
